

Community Safety and Security Update

Important Update on Safety and Security Services

Effective April 1, 2026, ISN Maskwa will no longer provide safety and security services in our community.

We want to sincerely thank ISN Maskwa for their years of dedicated service. Their work has contributed to the safety and well-being of our community, and their efforts are appreciated.

Moving Forward: A Community-Led Approach

Our community is moving toward a community-led safety and security program.

This new approach will involve local members taking an active role in maintaining safety. In the near future, we will be inviting individuals to apply for Community Safety Officer positions.

If you are committed to the safety and well-being of our community, we strongly encourage you to get involved.

Transition Period and Support Services

During this transition period, ISN Maskwa may still be called upon in instances of a serious community crisis.

Emergency Services

The following emergency services remain fully available:

- Anishinabek Police Service (APS)
- Ontario Provincial Police (OPP)
- Emergency Medical Services (EMS)
- Fire Rescue

In an emergency, call 9-1-1 immediately.

Looking Ahead: Enhanced Police Services

A new Anishinabek Police Service detachment will be opening in the community in the near future.

This will increase police presence, improve response times, and make services more accessible to community members.
